

WCS Extra-Curricular Costs

Please print one worksheet per student.

Name: _____

Grade: _____

WCS offers many activities to students that are not covered by tuition. There are numerous opportunities to participate in sports, camps, and retreats. We expect our students to attend the camps/retreats that are planned as part of our learning standards. We want our families to be able to properly budget for these activities. This year, families may opt to have the costs of certain activities (sports and camps/retreats) included in their tuition and have those costs spread out over their payment plan (10, 11, or 12 months). Please complete this form (one per student) and turn it in with the other registration materials, tuition agreement and fees. Parents may also opt to pay for these activities as they occur rather than include them in with tuition.

| Elementary Misc Elementary Class Expenses (Class field trips, art projects, etc) | Cost | Yes, please apply to tuition |
|--------------------------------------------------------------------------------------------|-------------|-------------------------------------|
